

Immigration and citizenship : process and policy /

Aleinikoff, Thomas Alexander (1952-)

Thomson West,
2008

Monografía

The sixth edition of this casebook continues its tradition of comprehensive analysis and coverage of immigration and citizenship. Additions and refinements include new material on the growing role of states and cities in the direct and indirect enforcement of federal immigration law, as well as a more compact treatment of asylum and the Convention Against Torture in a depth suitable for an introductory course in immigration and citizenship
