Título: Innovative materials and design for sustainable transportation infrastructure recurso electrónico] selected papers from the International Symposium on Systematic Approaches to Environmental Sustainability in Transportation sponsored by Center for Environmentally Sustainable Transportation in Cold Climates ; The Construction Institute of the American Society of Civil Engineers ; Transportation Research Board ; Frontiers of Structural and Civil Engineering, China ; editors, Sheng Zhao, Ph.D., Jenny Liu, Ph.D., P.E., Xiong Zhang, Ph.D., P.E.

Editorial: Reston, Virginia American Society of Civil Engineers 2015

Descripción física: 1 online resource (425 pages) illustrations (some color), graphs

Mención de serie: E-Libro

Bibliografía: Includes bibliographical references

ISBN: 9780784479278 (PDF)

Materia: Transportation engineering- Congresses Sustainable engineering- Congresses

Autores: Zhao, Sheng, editor Liu, Jenny, editor Zhang, Xiong, editor

Entidades: Center for Environmentally Sustainable Transportation in Cold Climates sponsor Construction Institute of the American Society of Civil Engineers sponsor Transportation Research Board sponsor Frontiers of Structural and Civil Engineering sponsor
