

The Spanish ballad in English

/

Bryant, Shasta M.

University Press of Kentucky,
1973

Monografía

This study offers an introduction to an important branch of Spanish literature -- the romance, or ballad. Although a great many of these poems have been translated into English by various authors, they are not generally known nor easily accessible. Collected here for the first time in a single volume is a broad and representative sampling of romances in translation that encompasses historical ballads (including those about Spain's greatest folk hero, el Cid), Moorish ballads, and ballads of chivalry, love, and adventure
