Título: Frontiers in Wastewater Treatment and Modelling [Recurso electrónico] :] FICWTM 2017 edited by Giorgio Mannina

Editorial: Cham Springer International Publishing Imprint: Springer 2017

Descripción física: XXII, 745 p. 355 il

Mención de serie: Lecture Notes in Civil Engineering 2366-2557 4

Detalles del sistema: Modo de acceso: world wide web

Fuente de adquisición directa: Springer (e-Books)

ISBN: 9783319584218 9783319584201

Autores: Mannina, Giorgio., ed. lit

Punto acceso adicional serie-Título: Engineering (Springer Books)
