

The Afterlife of Pope Joan : Deploying the Popess Legend in Early Modern England

University of Michigan Press,
2010

Electronic books History. Legends.

Monografía

Amid the religious tumult of the sixteenth and seventeenth centuries, English scholars, preachers, and dramatists examined, debated, and refashioned tales concerning Pope Joan, a ninth-century woman who, as legend has it, cross-dressed her way to the papacy only to have her imposture exposed when she gave birth during a solemn procession. The legend concerning a popess had first taken written form in the thirteenth century and for several hundred years was more or less accepted. The Reformation, however, polarized discussions of the legend, pitting Catholics, who denied the story's veracity, against Protestants, who suspected a cover-up and instantly cited Joan as evidence of papal depravity. In this heated environment, writers reimagined Joan variously as a sorceress, a hermaphrodite, and even a noteworthy author. *The Afterlife of Pope Joan* examines sixteenth- and seventeenth-century debates concerning the popess's existence, uncovering the disputants' historiographic methods, rules of evidence, rhetorical devices, and assumptions concerning what is probable and possible for women and transvestites. Author Craig Rustici then investigates the cultural significance of a series of notions advanced in those debates: the claim that Queen Elizabeth I was a popess in her own right, the charge that Joan penned a book of sorcery, and the curious hypothesis that the popess was not a disguised woman at all but rather a man who experienced a sort of spontaneous sex change. *The Afterlife of Pope Joan* draws upon the discourses of religion, politics, natural philosophy, and imaginative literature, demonstrating how the popess functioned as a powerful rhetorical instrument and revealing anxieties and ambivalences about gender roles that persist even today. Craig M. Rustici is Associate Professor of English at Hofstra University
