This book shines new light on the political system of the European Union (EU) by focusing on civic resources as a keystone of the EU's ability to sustain. Less-tangible resources such as trust, solidarity, mutual recognition and citizens' social and political participation have been, until now, largely ignored in the research on European integration. Due to the fundamental changes to the EU in recent years and the challenges ahead, European citizens have become increasingly critical of a long-lasting unification process in Europe. This volume theoretically and empirica
