Electronic books

Monografía

"Here, a multi-disciplinary approach is presented to better the understanding of tropical forest ecology, as a necessary step in developing adequate strategies for conservation and management. The authors have long experience in both academic and practical matters related to tropical forest ecology and management."--Jacket

Título: Tropical forest ecology the basis for conservation and management Florencia Montagnini, Carl F. Jordan

Editorial: Berlin New York Springer ©2005

Descripción física: 1 online resource (xi, 295 pages) illustrations, maps

Mención de serie: Tropical forestry 1614-9785

Documento fuente: Springer e-books

Bibliografía: Includes bibliographical references (pages 255-279) and index

Contenido: Importance of Tropical Forests; Characteristics of Tropical Forests; Classification of Tropical Forests; Deforestation in the Tropics; Management of Tropical Forests; Plantations and Agroforestry Systems; Approaches for Implementing Sustainable Management Techniques; Conclusions

Lengua: English
