Listen 2 Kids productions' mission is to give voice to these often overlooked heroes, the children of divorce. Our first video 'What Parents Need to Know from Kids About Divorce' has been a great success. It has sold all over the US and Canada and has been used in divorce education classes, colleges and universities, schools, and in homes. This 19-minute film is an updated version that focuses on resiliency, featuring kids coping and parents helping. While the content is fresh, one thing remains unchanged: the real experts, the kids themselves, still do the teaching
