Marauding bushrangers, lost explorers, mad shepherds, new chums and mounted troopers: these are some of the characters who populate the often perilous world of colonial Australian adventure fiction. Squatters defend their hard earned properties from attack, while floods and other natural disasters threaten to wipe any trace of settlement away. Colonial Australian adventure fiction takes its characters on a journey into remote and unfamiliar territory, often in pursuit of wealth and well being. But these journeys are invariably fraught with danger, and everything comes at a price
