Italian silent screen legend Francesca Bertini appears in her most famous role in *Assunta Spina*, an operatic tale of love and sacrifice in turn of the century Naples. After being assaulted by her jealous lover Michele (Gustavo Serena), Assunta (Bertini) becomes the mistress of a corrupt Don (Carlo Benetti) so she can visit Michele while he is in prison. When Michele is unexpectedly released, he discovers Assunta's "betrayal", setting the stage for the film's exquisitely tragic finale. By carefully preserving the regional dialect and customs in his prose, poet and playwright Salvatore Di Giacomo captured the unique essence of Napolitanita: the ability of the Italian working class to maintain their dignity even as they struggle for survival. In harmony with this approach, *Assunta Spina* was shot largely on location, capturing precious glimpses of life on the streets of Naples, and presaging the rise of Italian Neorealism
