Victor and Rainer are typical young French hipsters on their way to Paris, swigging Red Bull, bantering about the Stone Roses, and musing about what awaits them. Checking into a club, Victor hits on the girls, while Rainer spikily rebuffs the advances of a male admirer. Testosterone surges, bravado leads to a face-off ... just another night on the town. Until it's not. This stunningly shot character study perfectly captures what it's like to be young men, fumbling their way through a sexual awakening, whilst negotiating the delicate bonds of friendship
