Título: The rocket electric field sounding (REFS) program prototype design and successful first launch J.C. Willett [and 6 others]

Editorial: Hanscom Air Force Base, Massachusetts Phillips Laboratory, Directorate of Geophysics, Air Force Systems Command 1992

Descripción física: 1 online resource (xii, 113 pages) illustrations

Mención de serie: PL-TR 92-2015 Instrumentation Papers no. 342

Nota general: Cover title "15 January 1992."

Bibliografía: Includes bibliographical references (pages 111-113)

Materia: Atmospheric electricity Sounding rockets Lightning Upper atmosphere- Rocket observations Lightning Électricité atmosphérique Fusées-sondes Foudre lightning Upper atmosphere Atmospheric electricity Lightning Sounding rockets Lightning Atmospheric electricity Sounding rockets

Autores: Curtis, D. C., author Driesman, A. R., author Longstreth, R. K., author Rison, W., author Winn, W. P., author Jones, J. J., author

Entidades: USAF Phillips Laboratory. Geophysics Directorate sponsor

Enlace a formato físico adicional: Original (OCoLC)27358655
