

Reading Russia : a history of reading in modern Russia /

Vassena, Raffaella
Rebecchini, Damiano

Ledizioni,
2020

Monografía

Scholars of Russian culture have always paid close attention to texts and their authors, but they have often forgotten about the readers. These volumes illuminate encounters between the Russians and their favorite texts, a centuries-long and continent spanning "love story" that shaped the way people think, feel, and communicate. The fruit of thirty-one specialists' research, Reading Russia represents the first attempt to systematically depict the evolution of reading in Russia from the eighteenth century to the present day. The first volume of Reading Russia describes the slow evolution of reading between the end of the seventeenth and the beginning of the nineteenth century
