Analítica

On January 30, 1933 it is considered as the blackest day of Germany since the conservative Government named Hitler chief of the Government. From his privileged position Hitler was getting rid rapidly of the secretaries that weren't Nazi and, a little time later, with the death of the old Hindenburg, Adolf Hitler was reaching the headquarters of the nation and the Government. It was a July 20, 1934. In little more than one year, he had turned into the Chief of State and Government of Germany
