

Acharya, Amitav, Melisa Deciancio y Diana Tussie, Latin America in Global International Relations [

2022

text (article)

Analítica

From its origins, the field of International Relations (IR) was clearly influenced by North American and European traditions. Over time, theories, methods, concepts and objects of study imposed by these centers hegemonized the discipline, unequivocally reflecting the visions of the "Global North". As a premise behind the development of this field, the idea-force emerged that only the great powers are capable of shaping -and therefore, thinking- international events
