**Título:** CeOb<sub>2</sub>(B-supported gold catalysts for CO oxidation synthesis, reactivity, activation, and characterization for site-isolated mononuclear species and clusters by Veronica Illeana Aguilar-Guerrero

**Editorial:** 2008

**Descripción física:** 1 online resource (189 leaves) illustrations

**Variantes del título:** Cerium dioxide-supported gold catalysts for carbon monoxide oxidation synthesis, reactivity, activation, and characterization for site-isolated mononuclear species and clusters

**Nota general:** Degree granted in Chemical Engineering

**Tesis:** Ph. D. University of California, Davis 2008

**Enlace a formato físico adicional:** Print version Aguilar-Guerrero, Veronica Illeana. CeOb<sub>2</sub>(B-supported gold catalysts for CO oxidation. 2008 (OCOLC)430854572
