

Transnational corporations and human rights /

Schutter, Olivier de

Hart Pub.,
2006

Monografía

This volume offers a systematic overview of the different tools through which the human rights accountability of transnational corporations may be improved. It first examines the responsibility of States in controlling transnational corporations, emphasizing both the limits imposed by the protection of the rights of investors under investment treaties and the potential of the US Alien Tort Claims Act and other similar extra-territorial legislations. It then turns to self-regulation by transnational corporations, through the use of codes of conduct or international framework agreements. It then
