

Elgar encyclopedia of comparative law /

Smits, J. M.

Edward Elgar,
2012

Monografía

Containing newly updated versions of existing entries and adding several important new entries, this second edition of the Elgar Encyclopedia of Comparative Law takes stock of present-day comparative law scholarship. Written by leading authorities in their respective fields, the contributions in this accessible book cover and combine not only questions regarding the methodology of comparative law, but also specific areas of law (such as administrative law and criminal law) and specific topics (such as accident compensation and consideration). In addition, the Encyclopedia contains reports on a
