Life skills guides.

Monografía

Real-world advice for first-generation college students FROM first-generation college graduates. Each author understands the challenges of being the first person in your entire family to attend college. This book is full of practical, common sense advice that will save you both time and money because it was gained through the struggles and challenges overcome by first-generation students. A must have for any first-generation student or for any college student whose parents have been out of school for more than 10 years --
