All about reading combines sight, sound, and touch in every lesson to accommodate individual learning styles. Our lessons are logical and proceed in a simple step-by-step order, making them easy for you to teach and easy for your student to understand. The lessons are mastery-based and customizable to meet the individual needs of each student. The built-in review in every lesson ensures your student retains what he learns. Plus, our fun and interesting lessons will keep your student engaged and looking forward to learning. Our easy "open and go" scripted format allows you to relax and teach the program with minimal prep time. And our program comes with lifetime support through e-mail, telephone, our forum and blogs, and the rich array of teaching articles and videos on our website
