

Clinical preventive services in substance abuse and mental health update : from science to services /

Nitzkin, Joel L.

U.S. Dept. of Health and Human Services, Substance Abuse and Mental Health Services Administration, Center for Mental Health Services,
[2004]

Monografía

"This report has been prepared to summarize the most promising preventive interventions of a behavioral nature intended to impact mental and substance use disorders, or in some cases, medical outcomes. This review focuses on prevention interventions that are primarily delivered by health care systems. Interventions provided in schools, worksites, communities, and criminal justice systems were excluded, as were population-based interventions."
