

Flamesong /

Barker, Muhammad Abd-al-Rahman,
author

Fantasy fiction.

Science fiction.

Action and adventure fiction.

Monografía

"Flamesong is the adventure-packed and suspense-filled novel of a commander of the Petal Throne and what occurred when he captured a high-ranking woman officer of the enemy--who was in possession of a horrendous weapon from the forgotten ages of the past. Isolated in the uncharted subterranean speedways of that past, they are forced to travel together to unknown lands and undiscovered monster species...taking with them the means of their doom and the means of their mutually exclusive rewards."--Back cover
