Material Projectable

An adventure drama, based on a true story, about a competition to climb the most dangerous rock face in the Alps, the north face of the Eiger. Set in 1936, Nazi propaganda urges German alpinists to conquer the mountain, and two reluctant young climbers, Toni and Andi, attempt a daring ascent, closely followed by two

Austrian climbers. All goes well at first, but then the climbers lose their advantage over the mountain and the race against time and forces of nature begins
