author

Fantasy fiction. Fiction. Steampunk fiction. Fantasy fiction. Young
adult fiction. Fantasy fiction. Steampunk fiction.

Monografía

When the Allens rescue Lenore from certain torment, she's offered a new life, a life that can save her from the underworld of crime in which she's forced to live. The universe is keeping score, however, and Lenore isn't the only one caught in this web of debt. Can she truly escape her past when it comes to find her or will she be drawn back into the darkness?
