Domestic fiction.

Monografía

Recently divorced Rachel is juggling her new dream job in interior-design PR with the demands of two young daughters. She's full of creative ideas but - even with a colourful childminder or two - some days she can't make it into the office on time and in matching shoes. Sister Tessa, a talented muralist, is feeling flat. Her kids are growing up and she's feeling upstaged by her husband with his new home-restoration TV show. Youngest sister Natasha leads a glamorous jet setting life - she's one of Vogue's favourite make up artists. Single and Childless, she's been focused on her career but when the lie she's concealed for years threatens to come to light, it forces painful choices. Meanwhile their mother, Joy a hippy vegetarian caterer, is carefully ignoring the letters that keep arriving at her door. Into the mix comes Simon, Rachel's urbane boss, hiding secrets of his own. And everything lurking beneath the surface of this seemingly happy family is about to come out. -- Publisher
