Monografía

In a world increasingly complicated, Tin Man offers us a simpler, more sympathetic look at life and the world around us. He gives us hope that love will conquer all, that the push of a big red button might 'fix the world' and he invites us laugh at ourselves and our very human foibles through his own experiences. Tin Man was created by New Zealand artist Tony Cribb and quickly developed a dedicated following around the world. The book, 'Adventures of Tin Man' is a compilation of some of the funniest and most poignant episodes - 95 full page illustrations are accompanied by sketches and observations. A wonderful gift or addition to your coffee table
