Monografía

"The path to true love is not always straight. Edmund Bingley is trying to divorce at a time when it takes no less than an Act of Parliament and even a king can't acquire one. His brother Charlie is hopelessly in love with someone he can never marry. And the last Darcy daughter is giving her living legend of a protective father a run for his money. Can Edmund find a way out of his loveless marriage? Can the family find the missing Cassandra Darcy before it's too late? With the help of old friends, former enemies, priests, monks, Romani, American diplomats, and Tibetan lamas, they'll have to find a way. In Altman's tenth and final installment of The Darcys and the Bingleys, life has come full circle for the original clan, who has watched its children grow, make mistakes, and take responsibility for themselves."--Page 4 of cover
