"Feet. That's the reason Sydney Roberts is in so much trouble--specifically feet that belong to a teenager who spends most of his time on the other side of the law. Advised not to get too close, when things get desperate, Sydney has to admit she probably should have listened. Trapped in America's most populated city, she has never felt so alone. If you enjoy that delicious blend of suspense and adventure, heroines with moxie, and themes that make you both laugh and think, then you'll love following Sydney on her escapade in the Big Apple."--
