Monografía

Fish Wielder is kind of like Lord of the Rings, set in Narnia, if it was written by the guys who made Monty Python and the Holy Grail while they were listening to the music of They Might Be Giants. In ancient times, the Dark Lord Mauron cooked the most powerful magic chocolate dessert ever made, the Pudding of Power. One thousand and two years later, the evil leader of the Bad Religion, the Heartless One, is trying to recover the lost pudding in order to enslave the peoples of Grome. Only the depressed barbarian warrior Thoral Might Fist and his best friend, Brad the talking Koi fish, have a chance to save the world of Grome from destruction, but that's going to take a ridiculous amount of magic and mayhem
