Across the war-torn galaxy, the Imperial Guard are a bastion against the enemies of mankind. From the punishing heat of Tallarn's deserts to the bonechilling tundras of Valhalla, these are soldiers who give their lives in the Emperor's name. Whether shoulder to shoulder or crushing their enemies in vast machines of war, they are unwavering in their devotion to duty. On a thousand stars, they repel the forces of Chaos and the foul xenos in an eternal conflict. This omnibus collects three tales of savage warfare and heroism in the frontline
