Monografía

Spoilt society girl Sophia has never worked a day in her life. She's beautiful, sexy, flawless, in demand. But behind closed doors she's barely holding it together. She's never got over her ex, and she's not speaking to her family. And now, her grandmother is dying. Lady Matilda Beaumont, a glamorous and successful actress in her heyday has a story she wants to tell. And if Sophia's prepared to listen, she'll unlock the secret story of three generations of incredible women and the search for a jewel so perfect it can make dreams come true. Wouldn't a girl do anything to hold that in her hands?
