History.

Monografía

While England has been strengthened by a proud isolationism, she has simultaneously been enriched by the economic, social, and political complexities that have emerged as people of different ethnic and cultural backgrounds have moved within her borders, or when her own citizens have emigrated among those foreigners to live or rule. This book explores the foreign element in English culture and the attempt by English writers from the early 19th to the mid 20th century to portray their complex and often ambiguous responses to that doubly foreign element among them: the foreign woman. While being
